

# DON'T WASH YOUR HANDS OF YOUR APPRENTICES

**Apprentices** will be key to your recovery once the COVID-19 crisis is over. Most are young, resilient, full of energy and new ideas. The Government is providing a package of support to help employers retain staff at risk of redundancy. Please use this support to protect your apprentices too.

For more information on how you can support your apprentices through the Covid-19 pandemic, contact your apprenticeship provider or [ian@gmlpf.net](mailto:ian@gmlpf.net) or [gmlpf.net/covid-19](https://gmlpf.net/covid-19)
